

EXAMPLE OF PROJECT DESIGN

(Format for Brief Report on the Potential Key Activities for SHGs under SGSY-Block Level)

1. Name of the Project (*Activity*):

2. Name of the Block:

3. Name of Participating Banks:

4. Reasons for selection of Activity:

5. Market feasibility of the Project (*Activity*):

6. Duration of the Project (*Activity*):

7. Target Group of Project (*Activity and their participation*):

8. Location of project (*Potential Areas (Circles villages) where Project activity may be implemented*):

9. Background information on Circles/Villages selected for possible implementation of such Activities

Background information will include:

- i) Total BPL population in the village: _____
- ii) Total Numbers of Female BPL population: _____
- iii) Total Numbers of Male BPL population: _____
- iv) Types/Level of Skills available with the BPL population for the above Project: _____

v) Types of Training/support inputs required for Target group:

vi) Infrastructure support already available in the area:

10. Management of the Project

(i) *Persons responsible for implementation monitoring and documentation of the Project:*

(ii) *Is the Project feasible only for Group lending or Individual lending or both*

11. Total Cost of the Project (at individual level/group level)

	Individual Level	Group
Level		
(i) <i>Land Building Shed</i>		
(ii) <i>Equipment:</i>		
(iii) <i>Administration:</i>		
(iv) <i>Project Holder contribution</i>		
(v) <i>Any other cost</i>		
Total:	_____	

12. Social-Economical Benefit:

Note: *This is a tentative list only/other necessary information maybe added.*
